**IMPLEMENTATION**

Programme Coordinator  
**LULANIE SWANEPOEL**

Duration  
**TWO DAYS**

### Overview & Objectives

This course provides an understanding of the requirements of the Global Standard for Packaging Materials Issue 6, 1 August 2019.

It will benefit those who specify, establish, develop or evaluate operations and systems that meet the Global Standard (and related standards) requirements.

#### Course Objectives

This course focuses on the evaluation procedures and requirements detailed in the Global Standard for Packaging Materials Issue 6. At the conclusion of the course, participants will be familiar with:

- Audit and certification process
- The structure of the BRC Global Standard - Packaging Materials Issue 6
- Case studies
- Fundamental requirements

### Outline

- Background to the Global Standard
- Audit and certification process
- Grading System
- BRC clause requirements, including:
  - Fundamental requirements
  - Brief discussion of changes in Issue 6
  - Critical, major and minor nonconformances
  - Senior management commitment and continual improvement
  - Product Safety and quality management system
  - Site standards
  - Hazard and risk management system
  - Product and process control
  - Personnel
  - Requirements for Traded Products
  - Benefits of the BRC system
  - Practical application: exercises and case studies

A certificate of attendance will be issued once the course has been successfully completed.

### Entry Level Requirements

Participants should have attended formal food safety training. To ensure that this course is valuable to your company, delegates must be comfortable communicating in English and need suitable reading and writing skills.

### Who Should Attend

- Staff selected to implement and maintain the BRC system
- Food safety team members
- Support staff

### Language

Presented in English.
