

Global GAP - Practical Application

Swift Silliker (Pty) Ltd t/a Merieux NutriSciences is accredited with FoodBev SETA: Accreditation number: 587/00077/0610

Course Level
IMPLEMENTATION

Programme Coordinator
LULANIE SWANEPOEL

Duration
ONE DAY

Overview & Objectives

GlobalGAP is an international farm-management system for Good Agricultural Practice (GAP). It has been primarily designed to reassure consumers that farm practices minimise the detrimental environmental impacts of farming operations, chemical use has been reduced and a responsible approach to worker health and safety (as well as animal welfare) has been adopted.

This one-day course will provide delegates with an understanding of the GlobalGAP standard and its implementation requirements.

The course provides guidance on the documentation requirements which will allow the delegate to successfully implement GlobalGAP.

Course Objectives

- To equip delegates with knowledge of the Global GAP standard requirements.
- To equip delegates, through practical guidance and examples, to implement the GlobalGAP system.

Outline

- GlobalGAP background and history
- GlobalGAP standard requirements
- How to successfully implement the standard's requirements
- Documentation requirements

A certificate of attendance will be issued once the course has been successfully completed.

Entry Level Requirements

To ensure that this course is valuable to your company, delegates must be comfortable communicating in English and need suitable reading and writing skills.

Who Should Attend

- Supervisory level farm and packhouse employees.
- Staff responsible for implementing GlobalGAP.

Language

Presented in English.
